CPA AUDIT- POWELL COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY, INC

Edward B. Hatchett, Jr. Auditor of Public Accounts

To the People of Kentucky

Members of the Powell County Fiscal Court

Independent Auditor's Report

We have audited the accompanying statement of assets, liabilities, and fund balances arising from cash transactions of Powell County, Kentucky, as of June 30, 1998, and the related statement of cash receipts, cash disbursements, and changes in cash balances for the year then ended. These financial statements are the responsibility of the Powell County Fiscal Court. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Powell County Industrial Development Authority, Inc. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for the Powell County Industrial Development Authority, Inc., is based solely upon the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards, <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, and the <u>Audit Guide for Fiscal Court Audits</u> issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Powell County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and laws of Kentucky. Consequently, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when a liability is incurred. The cash basis accounting system does not require an entity to maintain a general fixed asset group or a general long-term debt group of accounts. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, based upon our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balances arising from cash transactions of Powell County, Kentucky, and the related statement of cash receipts, cash disbursements, and changes in cash balances as of June 30, 1998, in conformity with the cash basis of accounting described above.

To the People of Kentucky
Honorable Paul E. Patton, Governor
John P. McCarty, Secretary
Finance and Administration Cabinet
Sarah Jane Schaaf, Secretary, Revenue Cabinet
Honorable Robert Ray Drake, County Judge/Executive
Honorable Forest Meadows, Former County Judge/Executive
Members of the Powell County Fiscal Court

Our audit was performed for the purpose of forming an opinion on the financial statements of Powell County, Kentucky, taken as a whole. The information provided on the accompanying schedules is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, except for Appendix B which was audited by other auditors, is fairly presented, in all material respects, in relation to the financial statements taken as a whole.

Based on the results of our audit, we present the accompanying Comments and Recommendations, included herein, which discusses the following area of noncompliance:

- The County Should Have A Written Agreement To Protect Deposits
- The County Should Not Make Expenditures In Excess Of Approved Budget

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated August 11, 1999 on our consideration of Powell County, Kentucky's compliance with certain provisions of laws, regulations, contracts, and grants, and internal control over financial reporting.

Respectfully submitted,

Edward B. Hatchett, Jr. Auditor of Public Accounts

POWELL COUNTY NOTES TO FINANCIAL STATEMENTS

June 30, 1998

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statements of Powell County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Based upon the criteria stated in GASB 14, management has included the Public Properties Corporation Fund and the Powell County Industrial Development Authority, Inc. as part of the reporting entity. The Powell County Industrial Development Authority, Inc. was audited by other auditors whose report has been included as Appendix B of this audit report.

B. Fund Accounting

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. The government uses funds to report on its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts.

C. Basis of Accounting

The financial statements were prepared on a cash basis of accounting pursuant to Kentucky Revised Statute (KRS) 68.210 as recommended by the State Local Finance Officer. Consequently, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. The cash basis accounting system does not require an entity to maintain a general fixed asset group or a general long-term debt group of accounts.

D. Legal Compliance - Budget

The Powell County budget is adopted on a cash basis of accounting and laws of Kentucky as required by the State Local Finance Officer. The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

E. Cash and Investments

Cash includes amounts in bank accounts, and investments are stated at cost. Investments may include certificates of deposit on the financial statements; however, for the purpose of disclosing credit risk (Note 3), investments exclude certificates of deposit.

POWELL COUNTY NOTES TO FINANCIAL STATEMENTS June 30, 1998 (Continued)

Note 1. (Continued)

E. Cash and Investments (Continued)

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

F. Related Organizations

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. Based on these criteria, the following are considered related organizations of Powell County Fiscal Court: Industrial Development Authority which was audited by other auditors, however, it is not included as part of the basic financial statements, but is included as Appendix B for informational purposes.

Note 2. Employee Retirement System

The county has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a multiple-employer public retirement system which covers all eligible full-time employees. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 8.65 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is present in the Kentucky Retirement Systems' annual financial report.

Note 3. Deposits

The county maintains deposits with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to law, the depository institution should pledge sufficient securities as collateral which, together with FDIC insurance, equals or exceeds the amount on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge of securities should be evidenced by an agreement that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. This agreement, signed by both parties, must be sufficient to create an enforceable and perfected security interest in the collateral under

Note 3. Deposits (Continued)

Kentucky law. The depository institution pledged securities of \$325,200. However, the depository institution's board of directors or loan committee did not approve the pledge agreement. In addition, the depository institution did not have a written agreement with the county.

Note 4. Long-Term Debt

The Kentucky Local Correctional Facilities Construction Authority, an independent corporate agency and instrumentality of the Commonwealth of Kentucky, issues revenue bonds for the purpose of construction and reconstruction of jail facilities. The Authority issued \$510,503 of revenue bonds at various interest rates (7% through 7.4%), of which the county has agreed to pay \$262,451 principal and a proportional share of interest on the issue. Revenue bonds outstanding as of June 30, 1998, totaled \$210,283.

POWELL COUNTY NOTES TO FINANCIAL STATEMENTS June 30, 1998 (Continued)

For the fiscal year ended June 30, 1998, Powell County was a member of the Kentucky Association of Counties' All Lines Insurance Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 7. Transfers from Restricted Funds

During the fiscal year ended June 30, 1995, the county transferred restricted Road and Bridge Fund moneys to the Jail Fund. As of June 30, 1998, the amount due the Road and Bridge Fund was \$168,000.

During the fiscal years ended June 30, 1994 and June 30, 1995, the county transferred restricted Local Government Economic Assistance (LGEA) Funds to the General Fund and the Jail Fund. As of June 30, 1998, the General Fund owed \$20,000 and the Jail Fund owed \$25,000 to the LGEA Fund.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Edward B. Hatchett, Jr. Auditor of Public Accounts

Honorable Robert Ray Drake, County Judge/Executive Honorable Forest Meadows, Former County Judge/Executive Members of the Powell County Fiscal Court

Report On Compliance And On Internal Control Over Financial Reporting Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

We have audited the financial statements of Powell County, Kentucky, as of and for the year ended June 30, 1998, and have issued our report thereon dated August 11, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Powell County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed the following instance of noncompliance that is required to be reported under <u>Government Auditing Standards</u>:

The County Should Not Make Expenditures In Excess Of Approved Budget

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Powell County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

POWELL COUNTY COMMENTS AND RECOMMENDATIONS

Fiscal Year Ended June 30, 1998

NONCOMPLIANCES

1) The County Should Have A Written Agreement To Protect Deposits

The county maintained deposits with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). The county had a bank balance of \$176,155; FDIC insurance of \$146,440; and securities pledged of \$325,200 as of June 30, 1998. Even though the county obtained pledged securities of \$325,200, the pledge agreement was not approved by the board of directors of the depository institution or its loan committee nor evidenced by a written agreement. We recommend the county enter into a written agreement with the depository institution. This agreement, signed by both parties, must be sufficient to create an enforceable and perfected security interest in the collateral under Kentucky law. According to federal law, 12 U.S.C.A. § 1823(e), this agreement should be (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution.

Management's Response:

Bank is going to present this to the board at their August meeting.

2) The County Should Not Make Expenditures In Excess Of Approved Budget

During the audit, we found that the General Fund Budget was overspent by \$121,159, Road Fund budget was overspent by \$108,826, and Jail Fund was overspent by \$35,288, making the total budget overspent by \$265,273. KRS 68.300 – Expenditures in Excess of Budget Void and Illegal - Any appropriation made or claim allowed by the fiscal court in excess of any budget fund, and any warrant or contract not within the budget appropriation, shall be void. No member of the fiscal court shall vote for any such illegal appropriation or claim. KRS 68.280 - Amendment of Budget to Provide for Expenditure of Unanticipated Income – The fiscal court may make provision for the expenditure of receipts unanticipated in the original budget by preparing an amendment to the budget, showing the source and amount of the unanticipated receipts and specifying the budget funds that are to be increased thereby. The amendment shall be submitted to the state local finance officer subject to the same provisions as the original budget. KRS 68.280 provides for budget amendments, we recommend that the County utilize budget amendments in future to avoid overspending the budget.

Management's Response:

The Fiscal Court will, to the best of its ability, see that all appropriate budget amendments required will be done, so that this does not reoccur.
